All disclosures for reporting in accordance with the 'Core' option are reported, with no omissions.						

Additional disclosures beyond the criteria for Core are reported to provide a more detailed and comprehensive report. These additional disclosures may be reported in full or used to guide relevant content.

The Mining and Metals Sector (MM) Disclosures have been retired by GRI. While a new GRI Sector Standard is awaited, these are included as additional disclosures and may be reported in full or used to guide relevant content.

*While the relevant SASB reference is identified, it is not intended to imply that the content of this report fully complies with the SASB definitions and methodologies described in Metals & Mining Sustainability Accounting
